

# IMAGINOX STAINLESS STEEL POOL

## Quotation

aqua  
marine  
spa

The standardized IMAGINOX skimmer pool is completely welded at the factory and transported to the place of installation site as a one-piece unit. The complete installation of the pool in your garden will take no more than 1 week. The stainless steel material is antibacterial, long-lasting, and low maintenance with an eye-catching design. The pool can also be produced in a version with an overflow, for which it is necessary to take into account an increase in price.

### POOL BODY

Dimensions of the pool 7 x 3 x 1.4 m, body construction with side strut incl. insulation  
Drilled bottom  
Graded steps  
White LED lighting  
Bottom drain  
Circulation jets  
Skimmer  
Automatic draining

**Price** € 40,890

### WATER TREATMENT TECHNOLOGY

BEHNCKE FEX 3/500 laminated filter  
Filtration cartridge  
Manual 6-way valve 11/2"  
Automatic chemical dosing – measures and doses disinfection and pH  
SPECK COMFORT 8 m<sup>3</sup> circulation pump  
Pressure regulator + prefilter  
Operating cartridges (Cl, pH-)  
Pool maintenance kit (telescopic pole, brush, net, tester)

**Price** € 3,900

### INSTALLATION

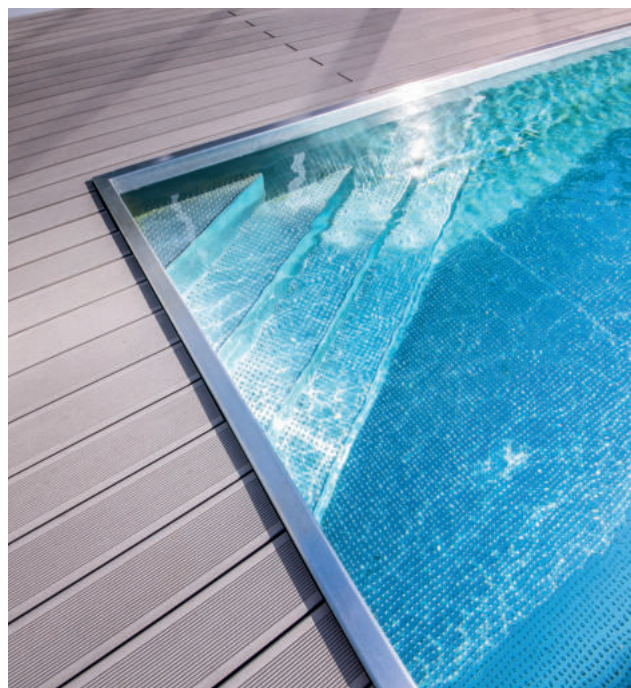

Installation of the pool + elements + pipes  
Installation of technology and electrical wiring

**Price** € 3,100

**Total price excluding VAT** € 47,850

- Due to transporting the pool as a whole unit, it is suitable mainly for outdoor installation
- Can be equipped with different types of steps, counter-current, massages, RGB lighting or a covering roller blind or canopy for an extra charge
- 10-year warranty on the pool body
- Easy construction readiness and quick installation
- The price does not include transport and building work

For more information contact our sales department or visit one of our showrooms (Bratislava, Prague, Vrchatovy Janovice).
